

February Sale of Furniture

For many years we have been providing Great Under-priced Furniture Sales each February and August. This year we will begin our sale Saturday, January 29th, and will say that never before have we produced a finer collection of Furniture than we have for the present February Sale.

We have never found it necessary to resort to cheaply made furniture to meet competition; we feel that when high-class furniture cannot be secured at sufficiently low prices to make it interesting these sales shall be abandoned. Our showing this year and our prices, too, will disappoint none and will surprise many.

Those who have new homes to furnish during the coming spring will be able to save hundreds of dollars by taking advantage of the February opportunities, and while purchases must be made within a month, delivery of the goods will be made later on at your convenience.

Two of the three bodies recovered were identified as Thomas Mott, 64, father of Richard Mott, proprietor of the Overbrook, and Mrs. Charles Kelly, 35, of New York and Atlantic City. GALLAUDET AEROPLANE.

100 Horsepower Machine in Use by New York National Guard Aviation School—Weight 1,000 Pounds, Length 25 Feet, Spread 38 Feet.

The accompanying cut shows one of the Gallaudet aeroplanes built at the Thameville factory of the company and now doing duty with its mate at the aviation school of New York National Guard.

While almost identical in size, one of the two Gallaudet machines in use there, has an engine of 100 horsepower and the other of 50 horsepower. Mr. Gallaudet has a number of pictures of the machines in flight, showing their graceful motion in the air, while in one of the pictures the perfect balance of the bi-plane is shown as the operator sits at the wheel with his hands held above his head as the machine glides along on even keel.

The Gallaudet biplanes weigh about 1,000 pounds, have a 38-foot spread and a length of 25 feet. Since January, 1915, when they left the factory, going first to Garden City, and to the New York school afterwards, they have been used constantly.

Between August 19 and September 5 they made 82 flights, averaging 15 miles per flight, and the two machines have done over 10,000 miles in flights since they left the factory. The two machines have made 200 flights since Nov. 1 in their service at the school.

ELKS.
At the meeting of Norwich lodge, No. 430, on Thursday evening at the Elks' home with Exalted Ruler L. E. Miller presiding, three new members were initiated. Nomination of officers for the election in March was also made.

Report was made by the committee on ladies' afternoon at the home that this feature was one that seemed to be popular with the members of the fair sex who are relatives or friends of members of the lodge and it was voted to continue to extend this privilege and to make the closing time an hour later, 6 instead of 5 o'clock.

Attention was called also to the next ladies' night at the home on next Tuesday evening, having been postponed from last week because of conflicting dates. It is expected that there will be a large attendance.

OWLS.
At their meeting in Owls' hall on Tuesday evening the members of Norwich nest, No. 1356, voted to hold a pinocchio and wive been at work on the arrangements and the end of this week sees their work coming to a close. It is planned to have an entertainment program each night and dancing will follow. The proceeds are to be applied to the Triple Link building fund. Those on the committee in charge of the fair are Olen P. Ferguson, chairman; John M. Young, Ashley T. Boone, Frank Q. Smith, Sidney Smith and John Parsons.

Saxe of Waterbury is most prominent by nomination as a candidate to succeed Mr. Griswold.

MASONIC.
Until such time as the Most Worshipful Grand Lodge of Connecticut, F. and A. M., may vote otherwise, all annual communications will be held in Hartford. The vote to this effect was practically unanimous at the session Hartford this week, only about ten of the representatives voting against the amendment to the constitution. It was thought that some opposition might come from the representatives from the western part of the state, who would, perhaps, prefer to have the annual communications in Hartford and New Haven alternately, but no opposition developed, and no discussion delayed the transaction of other business.

Most Worshipful Grand Master Thomas McKenize of Pawcatuck has appointed the following committees: Jurisprudence—James McCormack, Windsor; Fred A. Verplanck, Manchester; Edgar H. Parkman, Thompsonville.

Masonic Correspondence—George A. Kies, Hartford.
By Laws—James McCormack, Windsor.

Grand Lodge Library and Registry—George A. Kies, Hartford; Harold B. Waldo, Glastonbury.

Printing—Asa P. Fitch, Hartford; John M. Parker, Jr., Hartford; Ermon M. Peck, Hartford.

ORDER OF PROTECTION.
Only matters of a routine nature were transacted at the business meeting of Thameville lodge, No. 323, in Foresters' hall on Tuesday evening. The attendance was not as large as usual, owing to illness which prevails among the members.

UNITED WORKMEN.
At the meeting of Thameville lodge, No. 13, of Grotton, held last Tuesday evening the officers for the ensuing year were installed by Supervisor Joseph Zeller of Stonington. There was a large attendance of the members of the lodge. One of the pleasant features was the attendance of Robert H. Burrows, who is a member of Thameville lodge, but who left Grotton many years ago and has since resided in Seattle, Wash. Brother Burrows returned to Grotton on business. Grand Recorder Stroth of New Haven was also among the visitors.

At the last meeting of Stonington lodge, No. 50 of Stonington, officers for the year were installed by Grand Master Workman John E. Fahey of Rockville. The meeting was well attended and proved very enjoyable and interesting to all, due to the fine speech delivered by the Grand Master Workman and the entertainment arranged for the evening by the committee.

A. H. Barclay of New Haven, president of the Past Masters' association, A. O. U. W. of Connecticut has called a meeting of the association to be held at Pyramid lodge rooms, New Haven, next Monday, at 8 p. m., and a dinner at Mellone's at 6 p. m. to be followed by an open meeting and entertainment at Pyramid lodge rooms.

HEPTASOPHS.
Word has been received from District Deputy Supreme Archon A. D. Mackinnon of Hartford that he may not be able to be on hand Feb. 14th to install the officers of Norwich conclaves as Meriden conclaves will have to be installed on the same night. Success.
The Greeks had a foot race in which speed and endurance were not the only tests. Each man at the start was given a lighted torch, and the laurel wreath was for the one who came in first, "with his torch alight." Success in life is not merely reaching the goal, but more important still, in keeping the light of God burning in our hurrying souls.—Brotherhood.

The Spring Eye.
Flatfish—"How's your garden looking?" Bensonhurst—"Well, I saw a rooster looking at it through the pickets of the fence, this morning, and it seemed to look good to him."

Daily Thought.
A noble nature can alone attract the noble and alone knows how to retain them.—Goethe.
